

PRESS RELEASE

The ongoing economic crisis during the nine-month period of 2010 which created increase of unemployment and shrinking of the economic activity of the country had as result for the car market to write down historically low levels of sales. The uncertainty and the reducing of the purchasing capacity of the Greek family has worsen even more the already negative climate which, combined with the negative economic situation had as a result to influence negatively both the sales and the financial figures of the Group companies.

The total car registrations were decreased in the first nine-month period of 2010 by 32.06% compared to the relevant nine-month period of 2009 and by 43.5% compared to the average of the car registrations for years 2004-2009, while the trend of the past three months refers to a decrease of more than 60%.

Suzuki car registrations in the first nine-month period of 2010 amounted to 5,857 units presenting a decline of 44.7% compared to 10,583 units of the first nine-month period of 2009, with the market share to be formed up to 4.8%.

Suzuki motorcycle registrations in the first nine-month period of 2010 amounted to 2,842 units presenting a decline of 33.0% compared to the 4,242 units of the first nine-month period of 2009.

Company's turnover in the first nine-month period of 2010 was formed to € 203.6 mil. presenting a decrease of 38.2% compared to € 329.4 mil. of the corresponding period of 2009 and results after tax were formed to a loss of € 15.1 mil. compared to the profit of € 49,608 of the relevant period of 2009.

On consolidated level, Group's turnover in the first nine-month period of 2010 amounted to € 248.3 mil., presenting a decrease of 35.8% compared to € 386.9 mil. of the corresponding period of 2009 and results after tax were formed to a loss of € 18.4 mil. compared to the profit of € 780,662 of the relevant period of 2009.

The total expenditures of the Group companies in the first nine-month period of 2010 presented a further decrease of about € 8.0 mil. and the total loans of the Group presented a decrease of € 26.4 mil. compared to the relevant nine-month period of 2009.

In the first nine-month period of 2010 at group level inventories present a decrease by € 18.1 mil. and total liabilities present a decrease by € 59.3 mil. compared to the relevant figures of 31.12.2009.

It is under development a wide program of reduction of cost and expenses, both at company and Group level so that they will be formed in line with the current negative economic situation.

Athens, 29/11/2010

The Board of Directors
